## **Government Employees Pension Fund Stakeholder Perception Survey**

We at the Government Employees Pension Fund (GEPF) are constantly striving to improve the level of service that we provide to our stakeholders. To arrive at a deeper understanding of the needs of our stakeholders, we have commissioned AfricaScope South Africa to undertake a comprehensive perception survey within our stakeholder group.

The results of the survey will assist the GEPF in its efforts to be more efficient and effective.

AfricaScope under their code of professional ethics will not divulge to GEPF any personal details or individual responses of any participating individual and therefore you can be assured that any responses you provide will be totally anonymous.

We respectfully urge you to participate in the survey so that we fully understand the needs and wishes of our valued stakeholders.

If you wish to complete this survey, access the link below:
